

Course Biomaterials 2

“Seminar on 3D planning and custom approaches in face surgery”

Dr. Mario Pagnoni

Maxillofacial Surgeon

May 27th, 2021, 09.30 – 11.30

Streaming on
[Microsoft Teams](#)

Agenda

3D virtual prototyping for maxillo-facial surgical planning

Design of custom-made cranial implants for maxillo-facial surgery

Additive manufacturing in medicine: surgical guides and custom-made moulds

Augmented Reality for Maxillofacial Surgeries

Medical devices for repairing fractured orbital wall

Dr. Mario Pagnoni is a Maxillo-Facial Surgeon who trained in maxillo-facial surgery at the Università La Sapienza in Rome.
