

On Thursday 19th May 2022 there was the final from the contamination Lab-UNIVPM 8th Edition. The different teams were able to present their ideas to a jury qualified in related subject. Team GREEN-MADE led by Ph.D. Student Qaisar Maqbool (Dipartimento di Scienze e Ingegneria della Materia, dell'Ambiente ed Urbanistica) were among the winners. As a result of this prize, GREEN-MADE will now receive full support by The-Hive (Startup/Business Support).

In addition, Team GREEN-MADE along with BIOLUMOJ will also represent UNIVPM in the upcoming National Competition of ENACTUS Italy on 9 June 2022.
