

Giuseppe Morello

 **Address:** Via Filippo Paruta, 52, 90131, Palermo, Italy

 **e-mail address:** giuseppe.morello97@gmail.com

 **Phone:** (+39) 3889037617

Birth date: 08/06/1997

WORK EXPERIENCES

[07/2022] **Co-author of the poster "MEDITERRANEAN FIN WHALE SONG NOTES AND PATTERNS IN THE IONIAN SEA".**

"The Effects of Noise on Aquatic Life 2022"

Co-author of the poster "MEDITERRANEAN FIN WHALE SONG NOTES AND PATTERNS IN THE IONIAN SEA", showed at international congress "The Effects of Noise on Aquatic Life 2022". Berlin 10-17/07/2022.

[06/2022] **Winner of the scholarship: Action & Biology Campus - l'ABC del monitoraggio marino costiero**

Wordrise

Training course focused on costal marine monitoring and monitoring of bottlenose dolphin (*Tursiops truncatus*).

[05/2022] **Oceanographic campaign of acoustic monitoring**

eConscience - Art of Soundscape

Acoustic monitoring of sperm whale (*Physeter macrocephalus*) in the South-eastern Sicily (Licata-Catania)

[09/2021] **Course of environmental acoustic: Bioacoustics and Ecoacoustics**

eConscience - Art of Soundscape

Training course about environmental acoustic; Theory and applications about bioacoustics and ecoacoustics.

[06/2019] **Campaign of monitoring cetaceans Civitavecchia - Barcelona**

Accademia del Leviatano

Cetacean monitoring and its anthropogenic threats in Mediterranean Sea using passengers ship as observation platform.

[01/2019] **Campaign of monitoring cetaceans Palermo - Tunis**

University of Palermo

Cetacean monitoring campaign to study: distribution of cetacean, plastic pollution on pelagic and costal environmental with the project "FLT Mediterranean Monitoring Network" in the route Palermo- Tunis.

EDUCATION

[10/2016 - 10/2019] **Bachelor degree in Biological Science**

University of Palermo

Vote: graduated with honors

Title of the thesis: The response by immune system to Leishmania, and fluorescence antibody IFAT.

[10/2019 - 09/2022] **Master degree in Marine Biology and Ecology**

University of Genoa

Vote: graduated with honors;

Title of the thesis: "MEDITERRANEAN FIN WHALE SONG NOTES AND PATTERNS IN THE IONIAN SEA".
